Established Reputation Diamond Rings
In the purchase of Diamonds, Watches, Jewelry, etc., you must depend upon the merchant for quality. As Shakespeare remarks in the "Merchant of Venice": "All is not gold that glitters." Neither do all watches answer the purpose for which they are intended, nor all Diamonds of equal value. In making your purchases of "Everitt" you can depend absolutely on learning the truth about these things. Our reputation is the outgrowth of 30 years of honorable business in Albuquerque. You will find our store replete with the very best goods usually found at exclusive jewelers and on our trade is unusually large at this season of the year, so in proportion you will find our prices unusually reasonable.
Remember the quality of an article remains with you long after the price is forgotten.
As an inducement to morning shoppers we shall, on request, return 5 per cent of the cash on all purchases made before 1 o'clock each day until Christmas.

VARSITY GIRLS TO EQUAL SUFFRAGE
PLAY THE FIRST GAME FRIDAY
TOPIC FOR THE DEBATE

Basketball Teams from University of New Mexico and Local Indian School to Clash Tomorrow.

Tomorrow afternoon the girls' basketball team of the University will meet the girls' basketball team from the Indian school in what promises to be a closely fought contest. The game will be played at the Indian school and will be the first of the girls' season. The varsity team is largely composed of new material, but is expected to make a creditable showing, as it has practiced a great deal and numbers several players who have had experience in the game at other schools.
The Indian maidens will put up their customary consistent game, which has often won for them in times past. Their line-up is as follows: Jennie Gunn, E. Lucia Sandoval, E. Edith Palsano, E. E. Agnes Gunn, E. E. Teresa Hovawum, E. E. Clucha Leach, E. E. Esther Romero, substitute.
The varsity lineup will be announced tomorrow.

Varsity Decides on Subject for Annual Contest With Agricultural College; College Chooses Side.
The bestowing of the franchise upon the female portion of the population will be the general theme of the intercollegiate debate with the Agricultural college this year, in all probability. The University boys yesterday afternoon met and decided upon the following question as the one most timely for discussion this year: "Resolved, that the women of the United States be given the suffrage." The college boys will now determine which side of the argument they desire to uphold, and the varsity will take the other.
On January 8 the men desiring to represent the University on the debating team will have a preliminary debate in Rhodes hall, the three men making the best use of their arguments being chosen by a committee to appear on the college team. The teams which will take part in this are as follows:
Affirmative—F. R. Seder, J. C. Nichols, E. M. Collins.
Negative—H. O. Brown, M. E. Allen, W. J. Higgins.

THE DE LUXE CLIPS FIFTY MINUTES FROM SCHEDULE

Speeding Santa Fe Train Arrives Here This Morning Nearly an Hour Ahead of the Time Set.

The new Santa Fe De Luxe this morning arrived in Albuquerque at 7:45 or 50 minutes earlier than was scheduled. After a stop of 10 minutes here, the train went on west, being handled as a special.
Although the train is chalked up to make the entire run from Chicago to Los Angeles in 63 hours, the engineers handling it had carefully stolen an hour's time before the train reached La Junta. When it was seen that the train would consistently run ahead of time, the trainmasters along the line arranged to handle the De Luxe as a special, regardless of her time card. This will give Santa Fe men a chance to see what they can do in the speed line across the country. It is possible that a newer and still faster schedule for the De Luxe will be arranged if it is found that the higher speed can be maintained.
Santa Fe De Luxe spends ten minutes in Albuquerque, more than is spent anywhere else between Kansas City and the coast.
While here, O. F. Huxington of Winslow, and C. F. Byrd, the former trainmaster and the latter traveling engineer, got aboard the train for the run to Winslow. In fact, all along the line, passenger and train service officials rode the train wherever they could. Conductor John Fisher and Engineer Arthur Lowe brought the train in from Las Vegas. Conductor William Thomas and Engineer John Reah of this city took it out.
After the 19th of December, no De Luxe trains will be run until after the holidays, because it is not believed that they will pay well enough to make the run worth while at the Christmas season, when everyone is home that can be there.
The train is the meet thing that has ever passed through Albuquerque, even surpassing the Pennsylvania all-steel train which carried a delegation of New York bankers through this city to Los Angeles last summer. All the cars are of steel underframes, and have wood exteriors; all are electric lighted and steam heated. The train is limited to six cars. These include a club car, a dining car, a compartment sleeper, two all drawing room sleepers, and an observation car.
Passengers are not allowed to board the train everywhere, but Albuquerque is one of the favored spots. The engine fare will be \$25 however, in either direction from here.
The train carries a barber, a maid, shower bath, and a hundred conveniences not usually found on trains.
Extra Sections Frequent.
There will be four extra sections of the California Limited before the end of the month, when the second section will become a regular thing on each daily run. These extra sections will run Dec. 13, 15, 20 and 29. On Jan. 1 the first of the second sections will leave Chicago for its regular western run.
To feel strong, have good appetite and digestion, sleep soundly and enjoy life, use Burdock Blood Bitters, the great system tonic and builder.
